PRIMA FLEUR SAMPLE POLICY

NEW CUSTOMERS:

Sampling our line of Premier Stock Products is the best way to evaluate prior to purchasing. Our policy is set up to ensure a successful evaluation process.

We offer 1-10 samples at a fixed cost of \$30 US. This cost includes standard shipping within the continental USA by UPS Ground Track. If you choose to move forward with any of the samples and place a full minimum order of \$150 US, we will credit back the sample cost on that order. For your next full order we will include 5 additional samples at no charge for further exploring the Prima Fleur Premier Stock Products line. We will include by email, fax, or physical copy, an ingredient and information sheet for each sample sent. If additional samples are needed of a particular product for multiple user review, we will include at \$3 US/each.

Evaluating products is essential for initiating a new product into treatments and/or private label programs. We will send enough of the product per sample for at least 2-3 applications to test scent, efficacy, texture, after feel, viscosity, etc. We do not encourage trying to evaluate more than 10 samples at a time to allow you to properly evaluate each sample while making your purchasing decisions.

If you have taken advantage of this opportunity and received samples please remind us to credit your first minimum order when it is placed. Thank you for the opportunity to present our Premier Products for your review.

EXISTING CUSTOMERS:

As a Prima Fleur customer placing a full minimum order you have an opportunity to sample other products in our line by adding up to five samples to your order. We will provide a full ingredient outline for your review with each sample by email, fax or physical copy.
